CZECHOSLOVAKIA : POLITICAL

Activities of Prohala Group in England and Czechoslovakia

The following information comes from a reliable source in Czechoslovakia:

1. Czechoslovak Intelligence officials are becoming more and more concerned about the activities of the political group in England surrounding the discredited General Lev Prohala.

2. Last week nine Czechoslovaks were arrested as key contact men for this group inside Czechoslovakia. They were found to possess large quantities of anti-Benes and anti-Communist leaflets, which had been shipped from England inside food packages.

3. Dr. Chudoba, one of the top members of the Obzory staff and a leading People's Party journalist, was among those arrested. This arrest is particularly embarrassing to the People's Party at the moment, as the Obzory affair is still in a delicate state.

SSI Comment: According to Report LC-475, dated 17 January, the Government decision to arrange a compromise between Obzory and the Ministry for Information has not stopped Communist attacks on the magazine. Rude Pravo, Communist daily, is now accusing Obzory of having already broken its promise to support the "national front" government.

4. An informal request has been made to the British to limit the activities of General Prohala in the interest of Anglo-Czechoslovak relations.
